

Parisa Mehrkhodavandi

Professor

Department of Chemistry, UBC Vancouver

Phone: 604-822-1882

Email: mehr@chem.ubc.ca

<https://www.chem.ubc.ca/parisa-mehrkhodavandi>

Research Theme

Polymer and Natural Materials and Manufacturing (PNMM)

Research Areas

- Catalyst development
- Polymer synthesis
- Polymer characterization
- Biodegradable polymers
- Bio-based polymers

Research Facilities/Tools

- Gel Permeation Chromatography
- High pressure facilities
- In situ REACT IR reaction monitoring
- Nuclear Magnetic Resonance spectroscopy
